

Guidelines for Alcohol Servings

www.sovicos.nl

Compliance with Alcohol Legislation

- We do not serve alcohol to individuals under the age of 18. Those under 25 will be asked to show ID.
- We are strict about preventing the passing on of alcohol to minors and will intervene with both the purchaser and the underage drinker.
- We do not continue serving alcohol to individuals who are visibly intoxicated.

Setting a good example

- We have agreements regarding the serving of alcohol during times when youth are present (serving times).
- Supervisors and volunteers set a good example; they do not drink excessively and refrain from drinking when supervising youth.
- Those on bar duty do not consume alcohol.

Availability & Visibility

- Alcohol advertising is not prominently displayed in our club.
- We visibly offer non-alcoholic beer as an alternative, which is not intended for minors.

Atmosphere

- We aim to prevent alcohol consumption from leading to undesirable behavior and take action to address it.
- Alcohol and driving do not mix. We make sure to address this with our members and visitors.

Policy

- We establish an alcohol policy for our regular club activities as well as for other events, such as parties and gatherings.
- We ensure that canteen staff are aware of these agreements and feel supported by the entire club.
- The Board Member of Club Affairs, the Club Committee, and the Activities Committee complete the e-learning course and obtain the 'Responsible Alcohol Serving' certificate.
- We visibly communicate these agreements to all members and visitors.

QUESTIONS? PLEASE SEND AN EMAIL TO THE BOARD MEMBER OF CLUB AFFAIRS.
